Subject: EPA Lahaina Injection Well

I oppose the granting of the permit unless additional conditions are placed on the permit as set forth in the letter of the DIRE Coalition to EPA. While they have identified a range of issues and concerns to which EPA has not spoken previously or which they have newly identified, they have not provided you with anywhere near all the supporting data in their letter. They are in the process of gathering these data (and preparing their presentation) and will provide them to you at the public hearing we are requesting.

Thank You

Lea Taylor

Maui County is applying to renew their 10 year permit with the E.P.A. to operate their Lahaina injection well. We are requesting to deny this permit and have another public hearing to present more information. These wells are also used in Kihei and Kahului. What happens in Lahaina will effect what happens later in those other locations.
